Ho Chi Minh City, Vietnam

Dear Colleagues,

Fertility preservation is gaining immense importance due to the increasing incidence of cancer in young people coupled with a greatly improved survival rate. In order to offer updated review of this emerging field, the Asian Society of Fertility Preservation is organizing its first Congress on Fertility Preservation. The congress will be held in Ho Chi Minh City, Vietnam on 18th & 19th November 2016. Participants will have an opportunity to learn and improve their skills in fertility preservation techniques and to update their knowledge through didactic lectures and discussions with experts in the field. The detailed 2016 Congress program will be announced soon. We are looking forward to welcoming you this November in Ho Chi Minh City.
