Fertility Preservation – ‘Technique & Technology’
2nd Annual Conference (ASFP)
&
Fertiprotect 2018
4th Annual Conference (FPSI)

September 22nd & 23rd, 2018 - New Delhi, India

Organizers
Asian Society of Fertility Preservation (ASFP)
Fertility Preservation Society of India (FPSI)

Organizing Chairpersons
Prof. Nao Suzuki (Japan) President ASFP
Dr. Nalini Mahajan (India) President FPSI, Secretary ASFP

Local Organizing Chairpersons
Dr. Sabhyata Gupta (President elect FPSI)
Col. Pankaj Talwar (Secretary FPSI)

Saturday 22nd September 2018
09:00 – 13:00 Workshops
Workshop A
Oocyte cryopreservation
Lecture and hands on training

Workshop B
Ovarian tissue cryopreservation slow freezing and vitrification
Lecture and hands on preparation.

Workshop C
FP Clinical aspects
Discussion on FP clinical cases submitted by the workshop participants

Workshop D
Fertility-sparing endoscopic surgery
Video demonstration & Discussion on FSS
Endometriosis, ovarian surgery, adenomyosis, gyneco-oncology

Lunch
Saturday 22nd September 2018

14:00 – 14:30: Welcome address President ASFP, President FPSI
Lighting Inaugural Lamp

Session 1- 14:30 – 15:45

<table>
<thead>
<tr>
<th>Hall A</th>
<th>Hall B</th>
</tr>
</thead>
<tbody>
<tr>
<td>Effect of cancer &amp; cancer treatment on male &amp; female fertility – an overview</td>
<td>The psycho-social and ethical components of fertility preservation.</td>
</tr>
<tr>
<td>Relevance of AMH in oncofertility – current evidence.</td>
<td>How to get referrals from the oncologists?</td>
</tr>
<tr>
<td></td>
<td>Discussion</td>
</tr>
<tr>
<td>Hall A</td>
<td>Hall B</td>
</tr>
<tr>
<td>------------------------</td>
<td>------------------------</td>
</tr>
<tr>
<td><strong>Breast cancer</strong></td>
<td><strong>Cancer and conception</strong></td>
</tr>
<tr>
<td>Adjuvant hormonal therapy used in premenopausal women &amp; how it affects fertility.</td>
<td>Pregnancy after Cancer – how soon how safe?</td>
</tr>
<tr>
<td>BRCA-associated breast cancer - Role of fertility preservation.</td>
<td>How to deal with Pregnancy during cancer.</td>
</tr>
<tr>
<td>Fertility preservation techniques in Breast cancer - should we freeze oocytes /embryos / ovarian tissue?</td>
<td>Ante-natal and neonatal complications in cancer survivors.</td>
</tr>
</tbody>
</table>

Discussion

Coffee
Session 3- 17:15 – 18:00 (free papers both halls)

Sunday 23rd September 2018
Session 4- 09:00 – 10:15

<table>
<thead>
<tr>
<th>Hall A</th>
<th>Hall B</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Gamete protection and regeneration</strong></td>
<td><strong>FP Techniques</strong></td>
</tr>
<tr>
<td>Current position of GnRH in ovarian protection.</td>
<td>Testicular Tissue Freezing protocols for Pre and post pubertal males.</td>
</tr>
<tr>
<td>Stem cells for oocyte regeneration.</td>
<td>Oocyte cryopreservation – how to maximize results.</td>
</tr>
<tr>
<td>The artificial ovary – will it improve safety and success?</td>
<td>In vitro Maturation</td>
</tr>
</tbody>
</table>

Discussion
Session 5- 10:15 – 11:00 Key Note Address

Ovarian tissue cryopreservation and transplantation- Is this procedure still considered to be experimental or not?

Should we encourage pro-fertility counseling or accept Social Freezing as the current reality.

Comments from the chair

Coffee
Session 6- 11:15 – 11:45

Oration Fertility Preservation – ‘the future’

Session 7- 11:45 – 13:00

What FP can we offer for haematological cancer in children and adolescents. Auto-immune disorders and fertility. Review of International guidelines on fertility protection and preservation. Discussion

Lunch
Session 8- 14:00 – 15:00

Panel Discussion - FP in gynaec malignancies case based discussion -

Session 9- 15:00 – 16:00
FP network in Asia”.

All member countries to participate in discussion

Valedictory & ...Vote of thanks – 16:00
